Texas Risk and Authorization Management Program Certification

The information below is provided as a companion to the TX-RAMP Certification.

Cloud Service Name

CognaLearn: InteDashboard

Cloud Service Provider URL

https://www.intedashboard.com/

Cloud Service Description (200 words or less)

InteDashboard™ is a technology platform for educators and students in TBL classroom. It automates the administration process: reducing the time taken to create and administer tests, instantly grades tests and reflects student performance. Students learn better with immediate feedback and clarification, and remain engaged with the interactive response technology. Educators teach better with immediate results on performance and identification of knowledge gaps.

Certification Status

Level 1
